

Coronado Global Resources Inc. Greenhouse Gas Abatement Plan Statement of Compliance

In accordance with the requirements of Condition B7d), a statement of compliance must be prepared about the work undertaken to implement and comply with the GHG Abatement Plan. The statement of compliance must be prepared by an appropriately qualified person; and consider the compliance criteria listed in Environmental Authority EPML00643713 Condition B7d).

Having undertaken the audit of the Greenhouse Gas Abatement Plan for Coronado following the methodology and considering the input data described within this report, the auditor has prepared the following Statement of Compliance:

- i) The emission reduction targets in the Greenhouse Gas Abatement Plan have been met.
- ii) The emission reduction measures in the Greenhouse Gas Emission Reduction Program have been implemented.
- iii) The Greenhouse Gas Abatement Plan has been reviewed in accordance with review provisions in the Greenhouse Gas Abatement Plan.
- iv) Greenhouse gas emissions have been monitored in accordance with the monitoring program in the Greenhouse Gas Abatement Plan.
- v) Public reporting on progress toward the emission reduction targets has not been carried out to date, as this requirement is not yet applicable.
